October 18, 2023 Annual BWCL Membership Meeting Topics:

School Board Member: Learn what is going on within our school system from **Jennifer Franklin**, District 1's School Board member. It's your opportunity to provide input directly back to the School Board!

Recycling:

Did you know that 40% of what residents place into the blue recycling bins ends up in the dump because it is either trash, contaminates clean recyclables, or has no viable market through the region's only home-pickup recycling contractor? Did you know that the City of Virginia Beach's recycling contract expires in Spring 2024, and it cannot continue at the same cost for collecting recycling every two weeks - partially due to the high waste content? **Kristi Rines**, the City's Recycling Coordinator, will explain the situation and share various alternatives the City is considering in preparation for the current contract's end. Come learn about and provide input into this valuable service provided by City. Learn ahead of time at [The State of Recycling - PublicInput](#)

Adopt-a-Program for Bellamy Woods Park: The City owns and maintains our neighborhood park, but help from citizens to keep community parks litter-free is always welcome. Our members will be asked to vote on whether to apply to the City's Adopt-A-Program to conduct occasional litter cleanups. This is a two-year commitment by the neighborhood. Cleanups will be held every other month by neighborhood volunteers, and many will be scheduled ahead of civic league events in the park. "Adoption" does not include mowing or landscaping duties.

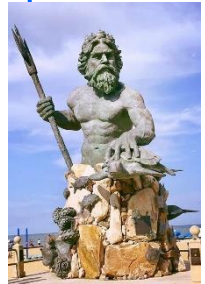

BWCL Board seat: There is one vacant at-large seat on the BWCL Board, currently filled by a temporary appointment through Oct 18th. The membership will vote to fill this seat. Nominations will be accepted from the floor, or in advance by notifying the civic league's President or Secretary. Questions? Ask a BWCL Officer.

Budget: The July 2023 to June 2024 BWCL budget will be voted on at the meeting.

Virginia Beach Comprehensive Plan

The City's Comprehensive Plan is a formal document that projects how VB should be 20 years into the future, and regulates land use, development & investment across the city to achieve those goals. All City Capital Improvements Program (CIP) projects, zoning applications, development and land use proposals are evaluated for consistency with the Comp Plan as a requirement of being approved.

The 2040 Comprehensive Plan update is currently underway. Along with resident input, compilation and analysis of Virginia Beach's existing conditions will be crucial to planning for the city's growth over the next several years. **Public Engagement events to gather your input will begin in October/November.**

Some initial focus group priorities included sea level rise/flood protection, connectivity, sustainable and resilient development, preservation of open space for well being and recreation, maintaining the Green Line, concentrating business development in strategic growth areas, preserving historic resources, and being a "world-class" city, beach and resort area. Visit: <https://planning.virginiabeach.gov/comp-plan>

If you have any questions or comments regarding the 2040 Comprehensive Plan, please email CompPlan@vbgov.com.

District 1 (our district) City Council Seat

The District 1 City Council seat went vacant September 29th when Rocky Holcomb resigned to become Sheriff. This seat is **NOT** on the ballot in November. City Council broke with past practice and decided not to appoint a representative to fill the seat until Rocky's term runs out in December 2024. Instead, **City Council chose to leave the 46,000 residents in our district unrepresented** until after a separate special election is held January 9, 2024, at a cost of more than \$185,000. That person will serve about 11 months, and then the same seat will be back up for election again in November 2024 for a full four-year term. More information about key dates for this special election and candidate names (when known) will be posted this fall at <https://voter.virginiabeach.gov/elections>.

Party in the Park, held for the first time in June, kicked off the summer of 2023 and was a huge success! An estimated 200 people joined in the fun on this beautiful June day! Two bounce houses, face painting, balloons, games including the infamous BWCL egg toss as well as yummy pizza and BBQ were enjoyed by all!

A great big **Thanks!** to the event's MC, BWCL Vice President Andy Fiebig, and his wife Raven who were instrumental in coordinating this successful neighborhood get together!
