President's Message

As I work in my yard or walk, bicycle, or drive through our neighborhood, I am pleased to see so many other residents out and about. They wave, some chat, most smile, and my sense of community is reinforced. We'll all have a chance to celebrate that good feeling on **September 9 at our 25th Anniversary Party in the Park**. Whether you've been here longer than the Civic League or you just moved in, please come and enjoy a great afternoon of fun and fellowship together.

Our Civic League's 25th Anniversary also reminds me about how far we've come, and where we're headed. This newsletter reports how we are building on our long tradition of caring for our community park, and the new ways we're using our website to communicate. Some of you are even reading this issue online at www.bellamywoodscivicleague.org! While retaining existing methods, we're adding modern choices to better serve you and engage more residents.

The Community Directory is another example of our progress. In the early years the names and phone numbers of members were just printed in the newsletter. In 1993 the first separate Directory was published. Who would believe that this year we would raise over \$1600 for our community from that same booklet? Receive your copy at Party in the Park.

Would you guess our voice would be strong enough to promptly attract the Mayor and nearly 27 other candidates to **BWCL Voters' Forums** with our residents? It is, and they are coming ... are you? Listen and be heard on **Sept. 27 for Council & Mayor and Oct. 4 for School Board**. Both events are on Thursdays from **7-9pm at Kempsville High School**.

We hope our efforts on behalf of the neighborhood have earned your vote of support, and that you will join or renew your membership. After a 25 year climb, BWCL has truly moved to the next level. Thank you to every resident and volunteer who helps make this a beautiful, friendly, safe and vibrant community. It is my honor to be your neighbor.

Congratulations on our BWCL's first 25 years!
Walter T. Camp, President

NEIGHBORS TAKE ON NEW ROLES

At the May 3, 2012 General Meeting John Glenn of Selwood Drive was elected by the Membership to serve as BWCL Secretary for the term ending 12/31/2013. John is also serving as the Block Captain for Cheverly Court and 1153-1189 Selwood Drive. He is already making a difference on the Board, and we are very lucky he is giving his time to benefit our community. Following John's lead, Student Board Associate David Kennedy agreed to also become the Block Captain for 4620-4660 Larkwood Drive. We appreciate David's double duty too. Finally, it didn't take long for a volunteer to step forward on our new block of Old Princess Anne Road. Amy Luckenbill is the first Block Captain for those 8 homes, and we are grateful for her service.

BWCL TO HOLD VOTER FORUMS

The Mayor (and 20+ other candidates) are coming! Your Bellamy Woods Civic League has organized two forums where our residents can meet and hear all of the candidates running for Virginia Beach Mayor, City Council, and School Board:

Night #1 - Mayor & City Council. Thursday September 27, 2012

Night #2 - School Board Candidates. Thursday October 4, 2012

Both nights at Kempsville High School Auditorium, 7 - 9pm, Free

Why invite every candidate on the ballot? Because in Virginia Beach our residents vote for every open seat in the City. In turn, every member of Council and the School Board votes on matters of concern to our neighborhood. On many local issues BWCL has had to educate Council members from across the City; the one vote from Kempsville is not always sufficient. Bringing the candidates before our voters now is a way to send them into office having already heard our opinions and concerns.

To increase the chances candidates would attend, we are co-sponsoring these events with our sister civic leagues from Stratford Chase, Bellamy Manor Estates, and Carolanne Farm. Together we represent over 6,000 homes. This approach worked, and we are delighted to report that in less than a week we received acceptances from every candidate running for Mayor and Council, and nearly everyone on the ballot for School Board.

The format will include opening statements from each candidate, standard questions that all must answer, Q&A from the audience, and an off-the-stage informal meet & greet period for voters and candidates to speak directly with each other. As a voter this is an excellent opportunity to become informed and express your views.

Federal elections get most of the attention, but these local officials make the decisions that most directly impact our community. Taxes, public services, schools, roads, and ordinances ... instead of being baffled by the names on the ballot, come learn which ones represent your views. Students are also welcome to participate and see how our cherished democracy works.

2012 COMMUNITY CANVASS & DIRECTORY

At a lovely and lively Block Captain Social hosted by Cheryl & Greg Turpin in May, BWCL kicked off the renewal of our VBPD Neighborhood Watch program and a new Community Directory. Our volunteers went to all 452 homes to speak to residents, and the results were tremendous. Many new residents who arrived after the 2009 project became engaged for the first time, and existing neighbors took the time to get reacquainted. The canvass resulted in 34 households joining or renewing their BWCL membership. We successfully obtained the required number of signatures needed to sustain Neighborhood Watch, and we raised awareness among our residents. The updated contact data provided by residents was entered into our database and integrated with the BWCL website we were building at the same time.

The BWCL Board then stepped up to seek paid sponsors to help offset the costs of printing the new Directory. Expending a lot of shoe leather, \$1,620 was raised from 17 advertisers! That will not only pay for the Directory, but it will also provide about \$1,000 extra toward our next neighborhood capital improvement project. For historical perspective, the 2009 effort raised a then-record \$690, covering expenses for the first time. Before that dues money from members paid for all or most Directory expenses.

The new Directories will be distributed to Members at Party in the Park on September 9. Please stop by to pick yours up that day, even if you can't stay for the Party. If you haven't joined or renewed yet, please do so -- the Directory is a Members-only benefit.

As you've read, this was a huge project whose success relied entirely on our many volunteers. We are a stronger, safer community having undertaken it, and the efforts of each person who knocked on a door or answered theirs are deeply appreciated.

BWCL BOUNDARY CHANGE

At the Bellamy Woods Civic League’s General Membership meeting held on May 3, 2012, a motion was passed to expand the Civic League’s boundaries to fully encompass the area shown in the nearby map.

Over its 25 year history BWCL has grown several times. This latest step now provides civic league representation to all of the homes in the area bounded by Providence / Princess Anne / Salem / Ferrell Parkway / and Selwood Drive.

Please join us in welcoming our long-time neighbors into our organization.

NEIGHBORHOOD PARK IMPROVEMENTS

Our neighborhood has a proud tradition of park improvements. Early residents successfully lobbied the developers to set aside an unusually large acreage as a park for the benefit of all homeowners. BWCL subsequently bought benches, planted trees, and added other amenities. In 2005 we were the very first community in the City to have our playground equipment replaced due to the Civic League's initiative. Residents worked on each aspect from design to private fundraising, and our community benefitted.

The Virginia Beach Parks and Recreation Foundation recently kicked off "Parks Plus," a new program to facilitate partnerships for improving parks in the City. At the May 3 BWCL General Meeting our Membership voted to authorize Bellamy Woods Civic League to become the very first applicant for this City-wide program.

We proposed a project to replace the aging and leaking bulletin board kiosk BWCL built 17 years ago near the Park entrance. The City does not provide kiosks, so BWCL would have had to fund the full cost of a replacement if not for this program. Instead, our proposal was approved as a partnership: BWCL will provide cash for most of the materials, the City will donate the rest of the materials as well as labor and the cost of disposing of the old kiosk, and BWCL will be allowed to use volunteer labor to erect the new kiosk instead of paying for a City work order.

All told, Bellamy Woods will get a \$1700 improvement project accomplished for about \$800 cash. The new kiosk will be made of weatherproof recycled materials, carry a 50 year warranty, and it will match the color scheme of the new park entrance sign.

On May 3 the General Membership also approved a larger Project In Concept for the Park. Based on feedback received after the last newsletter and discussion at the meeting, the Board was authorized to investigate costs and feasibility and then report back. The Membership retains the ultimate authority over whether to proceed.

The suggested improvement package would include replacing the old, small shelter on the Glen Lochen side with a new one on the same site big enough for 3 picnic benches, and constructing backboarded standard horseshoe pits elsewhere in the Park. A larger shelter would not only provide multi-family use, it would also reduce the Civic League's need for tables and tents during events like Party in the Park.

The City will not fund a bigger shelter on its own, and they have no schedule for replacing the existing 1-bencher despite its condition. However, by re-using the existing walkways, applying for Parks Plus, and bidding the work as part of the annual City-wide capital improvement package it may be possible to partner and get it done affordably. We'll let you know what we learn.

ATTORNEYS & COUNSELORS AT LAW

WARNING!

Despite the restrictions of the civic league, there are lawyers in the neighborhood! Your neighbor, Roger Schafer, is one of the lawyers at Schafer Law Group where they represent people who have suffered injuries from automobile accidents; however, if you have any type of legal problem or question, please call and they will see that you get the help you need. Contact your neighbor Roger at:

BRENNEMAN FARM UPDATE

After much anticipation, Dunkin' Donuts has opened! Their hours are 5am-10pm, 7 days/week. They are offering 10% discounts to seniors and military, and they give AARP members a free donut when they buy a large coffee. Tenants are being sought for the 4-store strip next to Dunkin' Donuts.

We have been told that negotiations are close, but not finalized, for a major swimming pool supply chain to take the largest slot. Jollibee, the Philippine fast food chain, has finally broken ground near the traffic light on South Plaza Trail, and Marshall's is well under construction on the east end by Petco.

We speak regularly with the shopping center's managers at Divaris, and they are very interested in our opinions about businesses our neighborhood would support. We reported on the preferred bank poll we ran on our website earlier this summer, and they were receptive to our request for a US Mail drop box. We have also asked that the family restaurants they are considering serve breakfast, lunch, and dinner, not just two meals. If you have suggestions about prospective businesses for Brenneman Farm, please contact any member of the Board with your ideas.

"LIGHTING UP" FOR SECURITY AND SAFETY

Many in Law enforcement encourage homeowners to ensure adequate lighting as a deterrent to home break ins and to increase personal safety. Proper lighting illuminates areas burglars may use to gain entry to a home at night. There are many types of lighting to consider. Regardless of a homeowner's selection, this is a cheap investment to protect your home, property, family and neighborhood.

Lighting options include spotlights, porch lights and landscaping lighting. Each has advantages and practical applications. Spotlights are great for illuminating a wide area and are recommended for driveways, backyards and garage entries. Use neighborly consideration and aim your spotlights in a nonintrusive manner. Porch lights are a great deterrent and help residents gain access to their homes in the dark. Be sure your porch lights are in working order. Landscape lighting can be used to reduce the shadows around walks, entryways and windows. Plus they provide a dramatic nighttime look.

Law enforcement encourages homeowners to use timers, motion detectors or home automation systems. Timers provide a consistent illumination at your home. This ensures your lights will come on whether you are home or not. If you prefer a more environmental use of energy, you can install motion detectors on your lights. A home automation system is more complex. "Home automation systems use a programmable base station that communicates through the power lines of your home. With a home automation system, you can customize your security lighting to be on a timer or respond to motion sensors or both. Automation systems can also be used to control your lighting when you're away from home to give the illusion of someone occupying the house." (from: *Life123, Home Security Systems Advice*)

In addition to personal security, leaving your lights on also provides a sense of security to neighbors who may be out and about. For the safety of your family, property and neighbors, consider "lighting up" at night.

BUILDING OUR COMMUNITY WITH OUR WEBSITE (www.bellamywoodscivicleague.org)

Since our last progress report BWCL has really begun to take advantage of our new website. With fresh contact information gathered during the Neighborhood Watch canvass we prepared to start issuing email alerts directly to residents. The Virginia Beach Police soon asked us to send recent crime news through our e-alert system, and the 388 homes who had provided an email address were promptly notified. Much to our amazement the system reported that 170 recipients opened our first alert within 24 hours ... there is just no way we could have accomplished such rapid or extensive communication in the past. If you want to be added or update your email address, please just send a request to info@bellamywoodscivicleague.org.

We created two additional membership options using the website. Now residents can join/renew online using Paypal or a credit card, or you can download and print the membership form and mail it in with your check. So far more than 75 homes have renewed using one of these online methods, including many new households who joined for the first time. Each one of these also saved BWCL the expense of printing and mailing out membership invoices, which are effective but costly to issue.

You may be reading this issue of the newsletter online ... because the website has enabled us to offer that option too! So far 65 homes have requested that we send their news electronically. We are happy to oblige, both as a customer service and to save our civic league printing and mailing expenses. We now offer delivery by Paper, Electronic, or Both. To change your preference just send us an email.

Our calendar of upcoming events is on the front page of the website, and we always have a poll running. Right now we're using it to take headcount RSVP's for Party in the Park. Last month we asked which bank you would like to see at Brenneman Farm Plaza, and we reported the results to their leasing agent. Elsewhere in this newsletter you'll see our new QR code ... we may be the first civic league in this region to have ventured that far into cyberspace.

We appreciate and look forward to your comments about this project. There have certainly been some challenges, but on the whole we hope you'll agree it is strengthening our community with its new capabilities.

STREET MAINTENANCE

In an effort to continue to keep our neighborhood clean and attractive throughout the week:

- Please don't place grass clippings and tree branches at the curb until the evening prior to pick up.
- Return both empty garbage and recycling containers to your yard on the day of pick-up. Some containers have been left at the curb for days after city pick-up.
- Refrain from blowing weed-eater trimmings into the street. Blow them onto the grass.

LOVE IT? ... LOCK IT!

Bellamy Woods continues to experience larceny and attempted larceny from both our residents' vehicles and homes. These are crimes of opportunity, made possible every time one of us neglects to lock our cars and houses. Our neighborhood is located between two very busy roadways, making access to and escape from our homes tactically easy. Most residents think of Bellamy Woods as a safe neighborhood, but in truth, our neighborhood is only as safe as we make it. Don't give the perpetrators of these crimes access to your valuables. Lock your cars. Lock your homes.

Remove valuables such as loose change, tools, music players, or other electronic devices from vehicles. Similarly, keep valuables in your homes out of the line of sight from windows, and pull curtains across windows at night. Close windows when you not in your house. In addition to the city street lights, leaving front porch lights on at night will deter theft. Each of us must act responsibly to keep crime out of our neighborhood. Consider that an opportunistic crook will pass by ten to twenty locked cars, knowing sooner or later they will find an unlocked one. Be sure they pass by your car and your house. Lock up. Stay safe.
