President's Message

Dear Bellamy Woods Neighbors,

I hope winter was not too arduous for you. I know we are all glad spring is here. There are several events happening in the next few months. First of all, we have our general member meeting on Tuesday May 3rd at 7 pm in the Providence Elementary School library. Our guest speaker for the meeting will be Jamie Roenken, Code enforcement inspector, City of Virginia Beach. We will also be voting on the civic league budget for the next fiscal year, which begins on July 1st. As you will note from our financial report in this newsletter we have funds available for neighborhood projects. We recently did several improvements to the park area and we are looking for ideas on what to do next. If you have an idea please let me know.

May also includes our neighborhood yard sale on May 14th from 8 am to 2 pm. As in the past King's Daughters will be around after the yard sale to pick up any items not sold that you may wish to donate.

We are in great need of additional volunteers to keep the civic league going. Currently we have a vacancy for three board members. It is very difficult for the remaining four board members to keep things going so we ask that if you are interested in becoming a board member, please contact me. We also need a newsletter content editor. We publish three newsletters per year and so this job is not too time consuming except around the dates of those three letters. Please contact me if you are interested.

I wish you all a great summer.
President John Sokolowski

Bellamy Woods Civic League Board of Directors

President	John Sokolowski	495-4861
Vice President	**open**	
Treasurer	Nan Zhang	685-7282

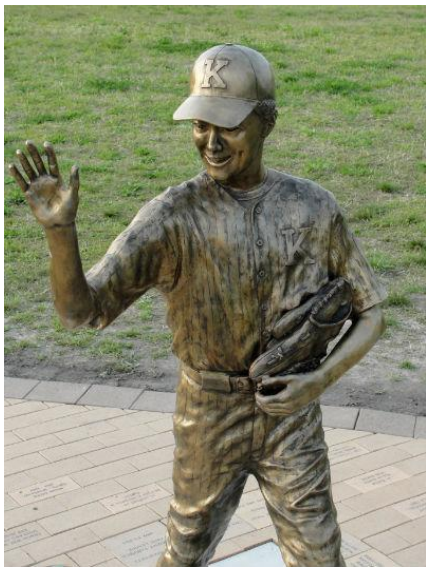
Respectfully prepared by Nan Zhang, BWCL Treasurer

Historic Kempsville Information



Last April, Kempsville PONY Baseball unveiled and dedicated the statue of a young ballplayer at the Kempes Landing Park at Kempsville Road and Princess Anne Road. The league wanted to commemorate more than 50 years of youth baseball played on the ballfields that once stood there in the heart of Kempsville.
An important goal of the project was to record the baseball and Kempsville memories of local residents on etched pavers around the base of the statue. If you visit the park, please take a minute to read the many tributes to players, coaches, moms, dads, grandparents, teams, and any number of other sentiments. Please also notice that there are still blank pavers available for you to add a message of your own. From the warmth of your home, you can see what the project is about by viewing its Facebook page at: www.facebook.com/goodgamestatue.
Two sizes of etched pavers are available: a standard paver with three lines for $75 and a larger paver with six lines for $250. There is a 20-space limit per line.
Please consider placing your baseball or Kempsville memory near the statue. Even if you don't order, please enjoy the many photos from over the years on the Facebook page. If you have any questions, need an order form, or could use some help with getting your message to fit on a paver, contact Frank Albero at goodgamestatue@gmail.com or call him at (757) 677-6585.

Historic Kempsvile Master Plan

The Historic Kempsville Master Plan is intended to address and coordinate a number of related issues and opportunities in the area generally surrounding the Princess Anne Road, Kempsville Road, and South Witchduck Road intersection. The opportunity afforded by the transportation improvements underway in the area can be channeled into ways that help to provide open space, enhance and promote neighborhood preservation efforts, retrofit stormwater quality management, and help preserve valuable historic resources in the immediate and surrounding area. The issues addressed in the Plan include: land use, environmental constraints and opportunities, open space, historic resources, creating a sense of place, accommodating redevelopment, code revisions and so forth. The Historic Kempsville Area Master Plan is part of the City's Comprehensive Plan. Moreover, the plan is fully integrated with other city plans, such as Virginia Beach Outdoors Plan, the Bikeways and Trails Plan, the Newtown Strategic Growth Area Master Plan, and the Pembroke Strategic Growth Area Implementation Plan.

Community Yard Sale

Submitted by: John Sokolowski

On Saturday, May 14, from 8am-2pm Bellamy Woods will hold its annual neighborhood yard sale. Clear out surplus items and make some money, without needing any permits, fees, or sign-ups. Any resident may just set up and sell in their own driveway. No need for you to advertise either: our two civic leagues print ads in advance in the Pilot, on PilotOnline.com, on Craigslist, and post signs at the neighborhood entrances. At 1pm trucks from Children's Hospital of the King's Daughters will start picking up unsold items the owners wish to donate. Any resident may put out donations, whether or not you participate in the yard sale. Please set donations close to the street, ideally with a sign saying "CHKD". Items should be in good resalable condition, and note that CHKD does not accept major appliances.

BELLAMY WOODS CIVIC LEAGUE
MEMBERSHIP APPLICATION/RENEWAL FORM
July 1, 2015 - June 30, 2016

Your annual dues support:

- ✓ *Civic League newsletters & website (www.bellamywoodscivicleague.org)*
- ✓ *Annual neighborhood "Party in the Park" picnic & Halloween party*
- ✓ *Neighborhood Watch crime prevention program & Emailed Alerts*
- ✓ *Beautification of flower beds at entrance areas and Neighborhood Park*
- ✓ *Civic League-sponsored neighborhood garage sale*
- ✓ *Free listings for neighborhood youth seeking babysitting, lawn care, and pet/plant care work*
- ✓ *Civic League meetings where you can meet public officials*
- ✓ *Community Improvement Projects including Birks, Selwood & Brantingham entrance signage and Neighborhood Park improvements & playground equipment*

Please join today either online at www.bellamywoodscivicleague.org, or by sending this form and your $30 check to:

New Virginia Beach ParkFinder Mobile App

VB ParkFinder App

VB Connect App

VB Works App

The VB ParkFinder app lets users discover all of the city's parks, basketball courts, beach access points, fishing piers, fitness areas, dog parks, kayak launches and more.

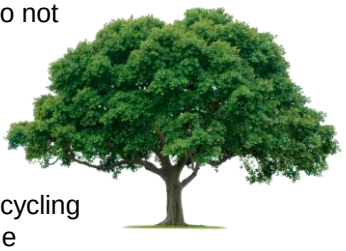
Over 200 city parks and recreational facilities are searchable by name or proximity, including a link to driving directions from any location via the built-in GPS feature. Users can also filter by specific recreational amenities such as basketball courts that have lights or boat launches.

The app is free and available for both Android and Apple smartphones by Searching **VB ParkFinder** in Google Play or the Apple App Store. For desktop users, a version of the app can also be found at vbgov.com/parkfinder

Two other apps offered by the City of Virginia Beach including 'VB Connect' which provides citizens 24/7 access to information about the City and 'VB Works' where citizens can submit and track service requests such as pothole repair, lights that need fixing and more.

Visit: http://www.vbgov.com/mobile-apps/Pages/default.aspx.

Keep Our Neighborhood BEAUTIFUL



Please help to maintain the beauty of our neighborhood! Please do not put grass clippings, broken branches, trash and recycling bins out to the curb earlier than the evening prior to pick-up.
Please also return trash and recycling bins to your property, side of the building, on the day of pick-up. Doing so will make our neighborhood look better and provide safety to bikers, pedestrians, and vehicles.

Please Slow Down!

At times it is noted that vehicles are exceeding the speed limit throughout our neighborhood. Normal speed limit in a residential neighborhood is 25 MPH. There are many children throughout the area that play on the front lawns and sidewalks that face the streets. A vehicle could go out of control at the excessive speed and harm them. Please maintain the normal or lesser speed while driving throughout the neighborhood.

We Need You!

It really doesn't take much to make a difference in your community. We have a few Spaces that need to be filled to help keep our Civic League humming smoothly. When There are no people to do the work, the whole neighborhood suffers! Typically, our Volunteer jobs to not take a lot of time, but their collective work makes a huge difference!

Please volunteer by contacting bellamywoodsvb@gmail.com Let's build on our achievements!

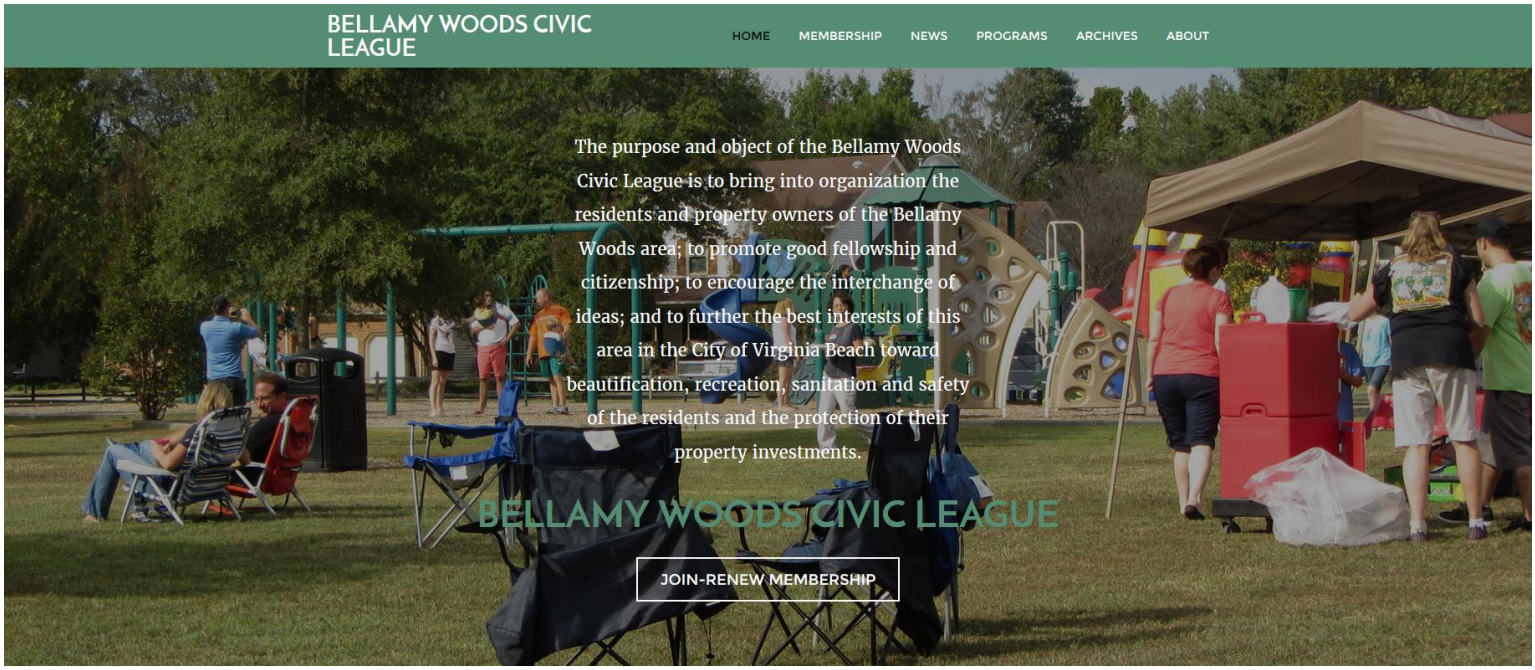
Vacant Positions Include:

BWCL Board Members
We still have two openings on our Board – Both are At Large positions, which means you're just part of the team! The Board is a fun, positive, and friendly group that enjoys getting things done for our neighborhood.

Landscaping Committee Volunteers needed to keep our entrance sign areas beautiful. Contact Frank Gewet at 495-1704.

Newsletter Co-Editor needed to help gather informative content, and provide information from BWCL Board Meetings. Assembly of content is completed by Glynn Cooksey, co-editor.

Block Captains are needed for Berrywood Court, 4828-4865 Berrywood Rd, Larkwood Court, and Worthington Court. Candidates don't have to live on the block in order to serve. They only need to be willing to forward occasional VBPD crime reports (usually by email), welcome any new neighbors, report any problems such as streetlights out or graffiti, and every 3 years verify resident information for our Directory. These few duties go a long way toward keeping residents informed and maintaining our community.



A New Year – A New Web-site for 2016!

Over the last year numerous service issues with our previous internet service provider have caused delays in community mailings, interference with our membership campaigns, and disruptions in the availability of one of our primary communication mechanisms – our public-facing web site. Heretofore, the civic league's directors have been able to mitigate, resolve, or bring in expert assistance at moderate cost to remediate these issues. In January of this year, we experienced yet another critical issue, which made it clear that a change was needed.

Our league has opted to sever the relationship with our previous provider and re-host our web site at http://www.bellamywoodscivicleague.org on a new hosting company. After review and discussion of various hosting options, we have chosen to re-host on the popular hosting site, Weebly. Construction on the new site took most of January, and the site went live late that month. While the site name is the same, a visit to the site reveals a revolutionary new look and feel, modernized by the design templates offered by Weebly. However, while the look and feel of the site is much improved, great care was taken during the construction of the new site to preserve the content and menu layout from the previous site. This includes news items, membership information, community programs, publication archives, and numerous community documentation including deeds, by-laws, and tax-exempt registration. We have also added a new feature - updating your personal contact preferences such as how you receive our newsletter and participation in the neighborhood watch program. Visit our site to learn more!

Most importantly, the latest update to the new web site returns the ability to renew your household membership online via PayPal's secure payment service. Simply fill out our preference form, then proceed to PayPal (you will need to enter your house number and street so PayPal can identify your payment) to complete the payment on their secured servers. This feature complements the existing option to download the updated membership form, which can then be mailed with your dues check to our league treasurer. For more information, please go to http://www.bellamywoodscivicleague.org/membership.html.

Finally, while we are proud of the site we have built, we acknowledge that there is always room to do more. As we learn more about Weebly and its capabilities, we may add or change the way we present information to you. Also, we are always eager to share news and pictures of events both in and around our community. If you have items you would like to see on the site or if you have an idea or suggestion, please contact us and we will be happy to post appropriate content on your behalf. It is our desire the site be a living, dynamic presence, and your contributions are welcome!

Advertising, Stories & Submissions

The Bellamy Woods Civic League Newsletter reaches 452 homes and nearly 500 individual subscribers through a combination of our U.S. mailed print edition and our e-mailed cyber edition. It is also posted on our website, http://www.bellamywoodscivicleague.org. Paid advertising helps reduce the cost of our publications. Please contact bellamywoodsvb@gmail.com for current rates and multi-issue discounts.

We welcome photo and text submissions from our residents – please email them to bellamywoodsvb@gmail.com

BWCL – October General Meeting Summary

Guest Speaker – Mr. Bill Harris

Our last general member meeting was held on October 20, 2015 at Kempsville High School. Fifteen residents were in attendance. Our guest speaker was Mr. Bill Harris, Kempsville High School Principal. Mr. Harris distributed information packets on SOL test score trends over a five-year period in several subjects at the school. These trends showed an overall increase in test scores. Historical Algebra scores were low, resulting in the accreditation warning, and Mr. Harris reported that he is bringing in eight new math teachers to assist with improvements in that subject. A total of twelve math teachers are on staff. SOL scores for 2014-2015 are expected to be released soon, and Mr. Harris hopes that the school's accreditation status will improve from "Accredited with a Warning in Math" to "Fully Accredited".

Over the course of a year, the administration created and published a proposal to create an Entrepreneurship and Business academy program at the high school under the coordination of Meghan Timlin. This program will have 125 seats and divides into three core areas of focus, called strands. These strands are Entrepreneurship and Innovation, Business Information Technology, and Corporate Finance. Courses will create a foundation in business and technology and build out professional skills through senior year internships physically located outside of the school. Additionally, there is opportunity for an associate's degree and two years of college credit; Richard Bland as the currently targeted school. Tidewater Community College may be an option; however, the school does not currently offer the required courses. Once the associates degree is earned, students will be considered for admission to a traditional four-year school.

The warning accreditation status qualified the school for funding through the Digital Learning Initiative, which allowed the school to purchase tablets and small laptops for 9th grade students.

A resident raised a concern about violence in the school. Mr. Harris acknowledged that there have been incidents of student fighting, stated that the administration has a zero tolerance policy for drugs and violence, and committed to holding students accountable for their actions. Another resident asked about enrollment numbers, and Mr. Harris stated that enrollment has been declining by 50-100 students per year over the last four years. The current enrollment is approximately 1460 students in a building rated for 1900.

Treasurer's Report -

The treasurer, Cathe Waters reported we currently had 129 civic league members with a goal of 225 by year's end.

President's Report -

John Sokolowski reported that we will have three board vacancies and asked for members to consider volunteering to be on the Civic League Board.

Event Report -

The Party in the Park was another success. We had 142 attendees and receive a record number of door prize sponsorships.

911: The Number to Know

The more you know what to expect when you call 911, the faster 911 can get you the help you need.911 is here to help you through until help arrives. Be ready to listen and follow directions.

Know Where You Are - Where are you right now? Could you tell 911 exactly where to find you? Always be aware of your surroundings.

Know your cell well - The current 911 system is designed for voice communications only. Texting 911 is not an option in most locales; you must dial 911 and speak with a call taker. If you accidentally call 911, stay on the line and tell the call taker that you do not have an emergency.

Know how to use 911 with the phone you own - The type of phone you use affects your call to 911.Know the capabilities of the device you are using (landline, cellular, VoIP) when calling 911. Whenever practical, use a landline at your location to call 911. Cell phones may not automatically pinpoint where you are to 911. Also they aren't always routed to the closest call center and it takes time to transfer your call to the closest one.

Stay Calm & Ready to Listen - Try to stay calm, listen carefully, give information and follow all instructions.

Call 911 for emergencies only - 911 is the right number to call in an emergency when a prompt response is needed. Call 911 when you need to save a life, stop a crime or report a fire.

Highlights from the Virginia Beach City Budget 2015-16

The City released its draft Fiscal Year 2017 capital budget. It contains many interesting projects, at least three of them will impact the Bellamy Woods neighborhood if approved:

Kempsville High School Rehab -
Project #1025000 will rehab portions of Kempsville High School to accommodate the new Entrepreneurial Academy. On october 6, 2015, the School Board approved the Kempsville High Schoole Entrepeneurial Academy. The Academy is scheduled to enroll students in school year 2016-2017. Improvements to support the academy are scheduled to be constructed in two phases over two consecutive summers (2017 and 2018). Appropriations to date reflect $450,000 in surplus funds from the project 1-019 Great Neck Middle School Replacement. This is a $500K project will go into design this summer.

4th Police Precinct -
Project #3344000 provides a 17,000 square foot replacement facility for the existing 6,017 square foot facility at its current location. It will utilize some of the parkland behind the current building & adjacent library to construct required parking and storage facilities. The Fourth Police Precinct services approximately 140,000 residents. This facility is priority 11 on the City's Top 13 Facility Replacement Priority list. The existing structure is insufficient for the current staffing level (125 employees) and has ADA issues. It includes a small probation office which experiences on-going visitation from clients. Currently, the precinct has a locker room, which can accommodate eighty lockers, most of which are half lockers. Eight sergeants share two desks. Parking is insufficient, especially during peak shift changes, with 67 parking spaces for the 66 police vehicles plus employee an visitor vehicles, which results in staff an visitors parking in the adjacent neighborhood. This project first appeared in the FY 2005-06 Capital Improvement Projects, eliminated from the FY 2006-07 list, and reappeared in the FY 2008-09 list. It is the outcome of the expansion study that was performed by the Police Fourth Precinct-Expansion and Renovation Study in FY 2005-05, which estimated the total cost at $4,874,949. The existing Fourth Precinct was built in 1969 as the Kempsville Library and renovated to become the Fourth Precinct once the replacement Kempsville Library was built in 1990.. This $8M project will accelerate this year and reach full completion in 2018.

Expansion of Ferrell Parkway-
Project #2054000 will add a westbound lane to Ferrell Parkway between Indian Lakes and Indian River. Construction will include turn lanes and pedestrian Accommodations at the Indian Lakes Boulevard and Indian Lakes Shopping Center intersections. A new signal will be provided at the intersection of Indian River Road and Ferrell Parkway. The existing 4-lane roadway carries 51,500 vehicles per day (2014) with a capacity of 39,700 vehicles. It has a projected volume of 58,000 vehicles by the year 2034. This corridor is ranked #3 of 311 in the 2014 Technical Ranking of Congested Roadway Segments list. Design will begin in July 2017, with construction starting in 2020 on this $3.5M project.

More information on these and other City Capital Improvement Projects can be found on the following linked file: Proposed Capital Improvement Program.

Tuesday, May 3 (7pm) - <u>General Membership Meeting</u> at Providence Elementary School, with special guest, Jamie Roenken, VB Code Enforcement Inspector.

Saturday, May 14 (8am-2pm) – <u>BWCL Community Yard Sale</u>, a chance to get rid of some of your old junk!. *See page 4 for more information*.
